

Suitts Acquitted of Death of Fred Stanley

Survivors Agreed Nazi U-Boat Sank U. S. S. Robin Moor

Details of Tragedy and Rescue Told; First Officer Praised

Capetown, Union of South Africa, June 17.—(AP)—The Robin Moor's chief officer was praised today by the last saved passengers of the torpedoed American freighter as the man who brought them to rescue after 13 days in a wave-tossed lifeboat.

He is Melvin Mundy of Bethlehem, Pa., who steered a lifeboat load of passengers—three of them women and one a two-year-old boy—by a sketchy chart he copied from his captain's map, and was at the rudder when a British rescue ship was sighted.

That ship picked up two other boatloads and landed here last night with all of the missing from the Robin Moor—35 passengers and crew members feared lost after the Brazilian ship Ozorio picked up the fourth boatload of 11 survivors June 9.

The survivors said that luck of the sea—not any wireless notification of their plight by the submarine—saved them. The officers and crew members who boarded the submarine declared positively it was German.

All agreed that the submarine's officers and sailors who spoke used good English, "but with a German accent".

There was disagreement, however, as to identifying marks on the submarine. Mundy said a red bull's head was painted on the conning tower. Second Mate Robert Taylor, whose father lives in Hollywood but who is not related to the movie actor Robert Taylor said he saw under the bull's head the word "Taurau".

—French for bull. Another crew member said the word painted there was "La Touche".

Sank Under Shell Fire
Crew and passengers were given 20 minutes—extended grudgingly to 30 minutes—to get into lifeboats, it was stated. A torpedo was fired into the Robin Moor, and she sank 18 minutes later under shell fire from the submarine's deck gun.

In the 13 days that followed, until rescue June 3, little Robin McCullough, son of Mr. and Mrs. Robert W. McCullough, was the only one who enjoyed himself. He seemed to like the "long boat ride", and cooed contentedly at the "pretty fishes"—sharks which followed the boat—passengers said.

He alone could stomach the hardtack, part of the meagre rations aboard the lifeboat. Here in a hotel room last night the two-year-old still clutched a dried biscuit and said repeatedly: "Robin want tack".

Clothes of Pretty Victim of Rapist- Killer Are Sought

(Picture on Page 4)
Washington, June 17.—(AP)—Detectives searched through one of the capital's best residential sections today for the missing clothes of a young woman who was kidnapped and held for ransom Sunday before she was waylaid, raped and strangled.

Police counted on the finding of the clothes to give them a valuable lead in the mystery surrounding the death of 23-year-old Jessie E. Strieff, whose nude body was found yesterday, sprawled in the garage of a retired professor, near fashionable Dupont Circle.

All evidence indicated that the crime had been committed elsewhere and that the girl's body was thrust into the garage for temporary concealment. Abrasions on her back and legs led authorities to believe that she had been dragged some distance.

During Torrential Storm
Investigators inclined to the theory that the slaying took place during a torrential mid-afternoon storm which plunged the city into sudden darkness.

Miss Strieff, a aviation enthusiast with a private pilot's license, left her apartment to go to a nearby delicatessen store just as the storm was coming up. She was wearing the missing blue hooded raincoat and a blue play suit with a button-on skirt.

Dr. A. Magruder MacDonald, district coroner, said the autopsy showed that Miss Strieff had put up a "terrific struggle". She could have been strangled by a rope or a folded handkerchief, he said.

Closing Of All German Consulates Seen As Presaging Action

Washington, June 17.—(AP)—The state department order for the closing of all German consulates in the United States by July 10 drew many expressions of senate approval today, but Senator McCarran (D-Nev.) called it a step toward severing diplomatic relations.

"I am sorry that such an order was made," McCarran told reporters, explaining that he feared the action might push the nations closer to war.

"Of course, if we are going to be forced into war, it was essential. But so far as propaganda activities are concerned it would be well if the state department had ordered a cessation by soviet Russia."

Undersecretary of State Welles, however, denied that any diplomatic rupture was implied and pointed out that the action did not affect the German embassy here.

The order yesterday was directed specifically at German consulates and other agencies, such as the German Library of Information, the German Tourist Bureau and the Nazi Transocean News Service, which were accused of activities "inimical to the welfare of this country."

Called Defense Move
The decision to close the consulates, coming on the heels of Saturday's order freezing German and Italian funds here, was generally interpreted as the forerunner of an intensive government offensive against all activities likely to impair the efficiency of the defense program.

If Germany has been using its consulates and agencies for such activities, it was pointed out, the effect of the government's action is to deprive her of the personnel and unrestricted funds she has been utilizing. The funds are now under federal control and the consular and agency personnel must

Tuscarora Tribe Still Officially at War With Germany After 22 Years

(Advance)—Lewiston, N. Y., June 17.—(AP)—The Special News Service—Had Kaiser Wilhelm died at the stake, instead of quietly in his bed of exile, the Indian nation of the Tuscaroras might still make peace with Germany after 22 years.

But now there can never be fulfilled the condition an embittered "clan grandmother" attached to her vote of peace in 1919: the Kaiser first must be tortured and burned, according to the ancient way, because it was said he mistreated his captives.

Thus the Tuscaroras, alone among the six nations of the Iroquois, never have wholly ratified the end of the war with Germany which was proclaimed in the Great League Council.

The dissenting woman was grandmother or leader of a minor clan, with no counterpart in the other Iroquois nations. Her action bound the Tuscaroras al-

Shot in Defense of Self, Family, Jury Finds This Morning

Victim of Tragedy On Sunday Afternoon Dies Monday Evening

John Suitts was released from the county jail today, where he has been held in connection with the shooting of Fred Stanley at the former's home Sunday afternoon, the action following the verdict of a coroner's jury, which today found that Suitts fired in the defense of himself, his family and his home at 1609 First street. Stanley died last evening at 7:30 o'clock at the Dixon public hospital and the inquest was conducted at 9:30 o'clock this morning at the Jones funeral home by Coroner Frank E. Nangle of Paw Paw. Attorneys Edward and Gerald Jones represented Suitts at the inquisition while State's Attorney Morey Pires was present and questioned witnesses.

Eight witnesses testified at the inquest at the expiration of which the jury, composed of E. L. Fulmer, foreman, D. C. Bryant, Clinton Holderman, Paul Sodergren, Paige Swim and J. W. Angell returned the following verdict:

"We, the jury find that Fred Stanley came to his death from hemorrhage and shock resulting from gun shot wounds sustained at 3 p. m., Sunday, June 15, 1941, death taking place at 7:30 p. m., Monday, June 16 at the Dixon public hospital; that the shots were fired by John Suitts from a .22 caliber repeating rifle in defense of himself and his family at his home, 1609 First street in Dixon."

Ex-Wife Testifies

"My husband and myself were in the kitchen at our home, 1609 First street, Sunday afternoon about 3 o'clock, when my daughter, who had been playing in the front yard, came to the house. She said that Fred Stanley had given her a one dollar bill. My husband told her to give it back to him, but she replied that she was afraid of him and my husband took the bill and went out to the curb where Fred sat in a car with another man and handed the bill to him. Fred struck at my husband and he fell, then Fred kicked him."

"My husband came back to the house and Fred tore the handle from the front door and came in."

Long War Seen by Secretary Stimson

Washington, June 17.—(AP)—Secretary Stimson, recommending construction of a proposed \$285,000,000 St. Lawrence seaway for defense-aid purposes, suggested the possibility today that the current war might last more than four years.

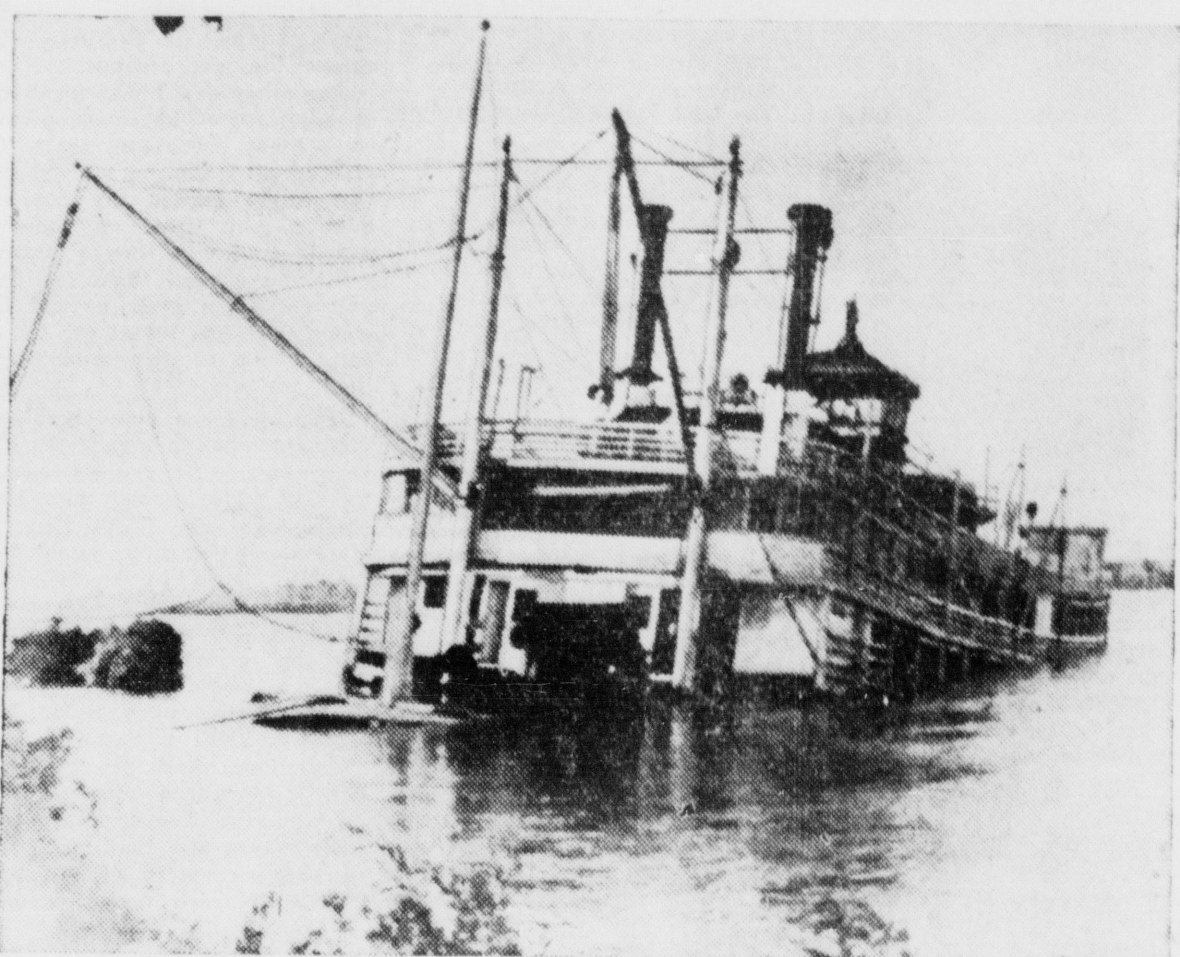

Testifying before the House rivers and harbors committee, Stimson said that one of the benefits of the proposed waterway would be that it would afford a protected route part of the way for the shipment of munitions to Great Britain.

Chairman Mansfield (D-Tex.) questioned Stimson directly as to whether he thought the present emergency would last long enough for the United States to reap the national defense benefits of the project which would take about four years to build.

"In my opinion," Stimson replied, "it is necessary to prepare for a very long emergency. We all hope it will be brief, but it is not safe to act on such a hope in such a situation as confronts us today."

Republicans Seek To End Filibuster in State Assembly

Wheel Colleague With Broken Hip Into House to Vote

BULLETIN

Springfield, Ill., June 17.—(AP)—The Schnackenberg bill for a state legislative investigation of Cook county local government tax levies was defeated today in the Illinois House. The bill received only 73 votes with 77 required for passage.

Representing the biggest setback Governor Green's legislative forces have suffered in this session, failure of the Schnackenberg bill to pass came on a vote by which the GOP leaders hoped to crack a Democratic filibuster against the measure.

Republicans still held, however, a faint chance of enacting the bill before the end of the legislative session June 30. Democrats tried to prevent the bill being revived by defeating a motion for its reconsideration, but this parliamentary move resulted in a 73-73 tie vote, leaving the door open for Republicans to start the bill through the assembly a second time.

Springfield, Ill., June 17.—(AP)—Trying to smash swiftly a Democratic filibuster tying up both houses of the Illinois legislature, Republicans in the house called up for a decisive passage roll call today the Green administration bill to investigate local tax levies in political Democratic Cook county.

GOP Governor Green and Democratic Mayor Edward J. Kelly of Chicago became central figures in the opening debate on the bill which led to the three-day old filibuster.

From the Democratic side came a charge that Governor Green was using the proposed investigation to "pave his way to the White House" and that its aim was to "smear" the Kelly-Nash Democratic organization in Chicago. Republicans accused the Chicago mayor of being responsible for the filibuster because of his

The War Today!

(This daily feature, conducted by DeWitt MacKenzie, is being written in his absence on vacation by Fred Vanderschmidt.)

Mr. Roosevelt's decision to close the German consulates and tourist-propaganda agencies in this country on the ground that their activities have been inimical to our welfare presents to Nazi world policy a piercing challenge. In some ways the strongest since Sir Neville Henderson delivered Britain's two-hour ultimatum to the Wilhelmstrasse on September 3, 1939. This is not to say there is a parallel; America has presented no ultimatum, nor is war or even the non-existence of formal diplomatic relations directly or immediately involved or inevitable.

Yet the step was taken with full knowledge that Germany has the right (almost, under normal international procedure, the obligation), to take precisely similar retaliation against United States consulates in the territory she controls or against United States nationals whom the Nazis may deem to be engaged in semi-official trade, travel or information services. It was done also at the obvious risk that Germany may choose to break the thin remaining thread of diplomatic relations.

In speculating on Hitler's reaction, however, one must remember that accepted international procedure, such as the severance of diplomatic relations in the calm and traditional manner, is not the Hitler way.

One must also take note of the fact that the German public up to this morning does not even know the bare facts of the case and certainly has not been prepared for a diplomatic break with the United States, much less a state of war. An abrupt diplomatic break, on Germany's initiative and

\$50,000 Damage Suit Started in Lee Co. Circuit Court Monday

Fred Bollman of this city, through his attorneys Ward & Ward of Sterling, has filed a \$50,000 damage suit against Clark Williamson, for injuries allegedly sustained in an automobile accident on the Lincoln Highway on June 29, 1939. The action which was filed late yesterday in the Lee county Circuit court, states that on the above date Bollman was a passenger in an automobile owned and operated by J. C. Jaquet in Dixon township.

Bollman, the complaint states, had left the car to recover an article of personal property which had dropped on the highway, when a machine operated by Bernice Ostrow, and owned by the defendant, in passing another car, struck him. Both his legs were broken and the plaintiff claims to have suffered both internal and external injuries, which have resulted in permanent disability, for which he seeks to recover the sum of \$50,000.

The high court affirmed an earlier ruling by the Sangamon county Circuit court which dismissed a complaint by Harvey C. Knappenberger challenging the constitutionality of the amendments.

Other News of Wars in Europe Told in AP Summary

(By The Associated Press)

Adolf Hitler was reported massing "large numbers" of German troops today on the west coast of Norway — possible springboard for invasion of Scotland — and advances reaching London said a steady stream of troop trains and sea-going transports was moving toward coastal bases.

Only a few days ago, Soviet Russia announced officially that German soldiers were moving back into northern and northeastern Germany from the Balkans.

The soviet announcement said "it must be assumed" that the Nazi troop movements were not directed against Russia, and the British declared talk of friction between Germany and Russia might be a feint to mask preparations for Hitler's long-awaited attempt to invade the British Isles.

Coincidentally, the Finnish newspaper Sanomat in Helsinki declared that the military situation in the Baltic was ripe for surprises likely to affect Finland.

"We have no right to shut our eyes to what is happening around us," the newspaper said, and Helsinki was alive with rumors of troop movements on both sides of the Russian frontier with Finland.

Balkans Stir Again
War tremors stirred again in the Balkans, too, as all Rumania was ordered blacked out, beginning tonight, for the first time since a general blackout was lifted a month ago.

Meanwhile, Undersecretary of State Sumner Welles declared in Washington that the United States government's basic charges against Germany for the sinking of the American steamship Robin Moor were unchanged by the rescue of the 35 remaining survivors.

In the Middle East, Britain faced a rising tide of French resistance.

French military dispatches said French troops had counter-attacked and driven the British out of the strategic town of Merdjayoun, only six miles from the Palestine frontier.

Fraud Conviction of Two Freeport Men Is Reversed

Springfield, Ill., June 17.—(AP) The Illinois Supreme court today held valid the 1939 amendment to the state banking act under which establishment of state banks with \$25,000 of capital stock was permitted in towns of 25,000 or less population without local banking facilities.

The 1939 amendment reduced the capital stock requirement in such cases from \$50,000 to the present figure and became effective after approval in a state-wide referendum.

The high court affirmed an earlier ruling by the Sangamon county Circuit court which dismissed a complaint by Harvey C. Knappenberger challenging the constitutionality of the amendments.

In other opinions, the Supreme Court:

Ruled that state sales tax refund memorandums are not transferable. A suit by Alva F. Adams and other contractors sought to have the memorandums declared negotiable. Finance Director George B. McKibbin said the ruling would "save the state several million dollars."

Coal Company Loses

Held that coal companies owned by railroads must pay sales tax on coal sold by them to such railroads. The suit was brought by the Superior Coal Company of Gillespie which objected to paying the tax on sales to its parent company, the Chicago and North Western railroad.

Reversed the conviction by the Stephenson county Circuit court of Fred H. Reiter, Freeport supervisor, and Dr. James A. Poling, on charges on falsifying relief records. The court found that Dr. Poling's bill for medical services rendered relief clients was proper, and that there were no statutes which forbade post-dating of a bill against relief-funds, as it was charged Dr. Poling had done.

Fulton Herd Is Leader in Lee County Report

The Lee County Dairy Herd Improvement association average for May was 999 pounds of milk, 35.1 pounds of fat with 742 cows on test from 27 herds. Twenty-five of the 472 cows on test were dry and 176 cows each produced over 40 pounds of fat.

Elmer Fulton who had the high producing herd in the association for the month is feeding a gain ration of half corn and cob meal and half ground oats. This is fed at the rate of one pound of grain a day to each four pounds of fat produced in the month. For roughage the cows run on pasture in the day time and are fed all the A-1 green alfalfa hay they will eat.

A herd of 11 GR and PBH cows owned by Elmer Fulton led the association with an average production of 1618 pounds of milk and 52.1 pounds of fat on two times a day milking. None of the 11 cows was dry.

The four other highest producing herds were:

No. and breed, 14 PBH, owner, J. J. Cole, 1521 pounds of milk; 49.9 pounds fat.

No. and breed, 11 PB & GH, owner, Otto Boehle; 1369 pounds milk, 46.1 pounds fat.

No. and breed, 12 PB & GH, owner, Edgar Truckenbrod; 1260 pounds milk; 44.1 pounds fat.

No. and breed, 15 PBH, owner, Roi Degner & Son, 1285 pounds of milk; 43.7 pounds of fat.

Ten High Cows
Breed, GH, owner, Edgar Truckenbrod, 2465 pounds milk, 102.40 pounds fat.

Breed, GH, owner, Henry Hey, 1758 pounds milk, 93.2 pounds fat.

Breed, PBH, J. J. Cole, 2604 pounds fat, 85.9 pounds fat.

Breed, PBH, owner, Rockyford Dairy, 2254 pounds milk, 78.9 pounds fat.

Breed, PBH, owner J. J. Cole, 2071 pounds milk, 78.7 pounds fat.

Breed, PBH, owner Roi Degner & Son, 2595 pounds milk, 76.6 pounds fat.

Breed, PBH, owner Buckaloo & Hey, 2186 pounds milk, 72.1 lbs. fat.

Breed, GH, owner, Elmer Fulton, 2356 pounds milk, 70.7 pounds fat.

Breed, GH, owner T. E. Hillebrand, 2015 pounds milk, 70.5 pounds fat.

Breed, PBH, owner J. J. Cole, 2195 pounds milk, 68.0 pounds fat.

Plenty of Corn for Food Defense

Because of the extra corn reserves stored in the Ever-Normal Granary program, farmers are better able to produce the pork, dairy, and poultry products required in the Department of Agriculture's food for defense plan. Including the 1940 corn supply of more than 3 billion bushels, farmers had for 1940-41 an almost record-breaking quantity of all kinds of feeds for hogs, milk cows, chickens, and other farm stock. Many farmers plan to cooperate in the food expansion program by feeding from this great reserve and at the same time to cooperate fully in the AAA program by planting within 1941 corn acreage allotments.

Government Takes Steps to Make Sure American Wheat Growers Will Not Be Hurt by Imports to U. S.

The government has just taken steps to make sure American wheat growers will not be hurt by wheat imports, Dale D. Rosenkrans, chairman of the Lee County Agricultural Conservation Committee reports.

A communication received from the administrator of the AAA farm program says that recent establishment of import quotas for wheat and wheat flour by President Roosevelt will prevent cheap foreign wheat from lowering the American price. This is another farm program measure designed to protect United States farm income from the depressed world wheat situation.

The president's order was issued upon recommendation of the tariff commission under authority of the Agricultural Marketing Act. The act provides that imports may be restricted whenever shipments from foreign countries threaten to reduce the effective-

ness of the farm program's adjustment measure.

Wheat Program
"Our wheat program is holding the price of our wheat almost 42 cents above the world wheat price, Mr. Rosenkrans said. The tariff on wheat is 42 cents. Any further slight rise in the wheat price would make it profitable for other countries with low wheat prices to sell wheat here despite the 42 cent tariff."

The total import quota has been established at 800,000 bushels for wheat and 4 million pounds of wheat flour, cracked wheat and similar products. Canada has most of the quota.

"The import quotas will enable our farmers to maintain their wheat prices at a reasonable level even though the world wheat surplus has weighed the world price down to the lowest levels in history," the county AAA chairman pointed out.

Lee County Will Send Reports on Storage of Crops

To accomplish efficient handling and storing of the 1941 grain crop, the Lee County Agricultural Conservation Committee will send weekly reports to the state AAA office in Decatur on the available vacant storage space in country elevators and warehouses.

The information will be compiled from all counties in the state and will be made available to all parties interested in the handling and storing of grain. It is expected to be of special value in handling the 1941 wheat crop.

A shortage of freight cars and storage space throughout the nation as a result of the national defense program is creating a problem for the movement of the 1941 wheat crop, Dale D. Rosenkrans, chairman of the county committee, explained. Freight cars normally dispatched west to handle grain are being kept in the east for national defense shipping, he said.

Storage Problem
The county chairman pointed out that the storage problem can

Field Day to Be Held Soon at Mt. Morris Experimental Station

Farmers of Ogle and surrounding counties will attend a field day which the State College of Agriculture is holding at the Mt. Morris soil experiment field on Wednesday, July 2. The program will begin at 10 a. m. and continue into the afternoon. Those attending will bring their picnic lunch or go to the restaurant for their noon meal.

This will be the first time that new varieties of flax, soybeans, wheat, oats and hybrid corn will be compared on the Mt. Morris field, according to Farm Advisor D. E. Warren, Oregon. Other things of interest will be the comparison of different cropping systems which emphasize the importance of organic matter and a suitable rotation in a soil conservation program. Records of the field show that limestone is returning a value of \$24.00 per ton on the field and phosphate and potash are proving valuable in growing hybrid corn.

Magee Herd Is Tops in Report in Ogle County

The herd of 20 R. H. cows owned by Richard Magee led the Ogle County Dairy Herd Improvement association again for the sixth consecutive month with an average production of 1399 pounds of milk and 48.3 pounds of fat for May on two times a day milking. A continuous production record of this kind is indeed a record.

The next four high herds are as follows:

Clarence Ratmeyer, owner—Breed and No. 15 G. H.; average production, milk, 1274, fat 43.7.

Owner, Forrest Gillespie—Breed and No. 21 R. H.—Average production, milk 1243, fat 43.4.

Owner, Getzenander Farm—Breed and No. 25 R. H., average production, milk, 1330, fat 42.6.

Owner, Grover Thomas—Breed and No. 14 G. & R. H. average production, milk 1146, fat 42.4.

The association average for the month was 959 pounds, milk and 34.1 pounds of fat with 470 cows on test from 27 herds. Forty-one of 470 cows on test were dry. During the month 15 unprofitable cows were culled from the herds; 180 cows each produced 40 pounds of butterfat or more. No separators tested were losing over .05 percent of butterfat.

All cows are now on pasture, however, most of the dairymen are feeding grain. A high producing cow can not obtain enough concentrated feed from grass alone to maintain a high level of production.

The five high cows were as follows:

Owner, Andrus and Miller; breed R. H., production—milk, 1869; fat 82.2.

Owner, Clarence Ratmeyer—Breed, G. H.; production: milk, 2238; fat 80.6.

Owner, Robert Buford; breed, R. H.; production: milk 1367; fat, 79.3.

Owner, J. O. Samelson; breed, G. H.; production: milk, 1287; fat, 75.9.

Owner, Lee M. Gentry; breed, R. H.; production: milk 2406; fat, 74.6.

The association average is quite a little higher this month due to grass, however, the test is lower than normal due to the increased volume of milk.

Three dairy herds were visited last Saturday by 40 persons at a dairy herd improvement association tour conducted by the Ogle County Farm Bureau, Purebred Holsteins at the Lowden and Magee and Getzenander & Sons farms and pure bred and grade Jerseys at the J. O. Samelson farm were seen and discussed as to breed type and production records. Dams and daughters were compared to show the value of herd sires in improving herd production and type.

Records on all the herds showed an improvement in average production per cow during the time of membership in the herd improvement association. Comparisons of animals for dairy type were made by A. R. Schick, agriculture teacher at Oregon, information on pasture improvement by H. R. Beeson of the Soil Conservation Service, points on feeding were given by tester Willis Turner and by Harold Krause, fieldman for Carnation Milk company. Information on production of milk in the interest of national defense was given by Farm Advisor Warren.

FRANK PRIEBE'S WEEKLY LETTER to POULTRY RAISERS

A year ago we had an unemployment problem. Now we are faced with a labor shortage.

Farmers find it almost impossible to get hired help and farm machinery sales are booming again. Even the produce business is being mechanized.

Last year picking machines were the big news in our business. Cylinders, covered with rubber "fingers," revolving at a terrific speed stripped the feathers off a chicken in ten seconds.

The other day I was in an egg candling room that was operated on a mass production basis. The girls worked along a moving belt. One group graded the eggs for quality, put them on the belt which carried them to another girl, who graded them for color and put them back on the belt which carried them on to the third group of girls who graded them for size.

I watched one man operate an intricate box-making machine. He was nailing egg cases together as fast as a second man could stack them up. Those two men were doing what it would have taken 15 men to do without a machine. When the cases were filled the lids were nailed on by another machine.

It was like a factory.

More Processing Being Done

The produce business is being streamlined. And producers will benefit from it because every reduction in processing and packing costs leaves just that much more of the consumers' dollar which can be returned to the producer. (Copyright, June 19, 1941, Frank Priebe, 110 North Franklin, Chicago)

Processing is becoming increasingly important in the poultry and egg business. Chickens and eggs used to be packed and shipped and that was all there was to it.

But within the last ten years we have seen big breaking plants established in the country. After the eggs are broken they are either frozen or dried—sometimes as whole eggs and sometimes separated into yolks and whites. The war has created a sudden big demand for dried eggs because they require the least shipping space and no refrigeration.

A few years ago all chickens were shipped whole. But every year more of them are being shipped ready for the pan. Some of them for immediate sale, are cut up and packed in crushed ice. Others, many of which are also cut up, are put in individual packages, wrapped in cellophane and frozen.

The shortage of labor, which is always felt most acutely in the cities, is already creating a much greater demand for these ready-to-cook chickens.

Things are happening in the produce business these days—and happening fast!

Sincerely Yours,

Dismissal of Suit For Accounting Is Denied by Finnegan

Chicago, June 17—(AP)—Circuit Judge Philip J. Finnegan refused yesterday to dismiss a suit for an accounting and injunction against Max Caldwell and eight other former officers of local 1248 of the Retail Clerks International Protective Association.

Union members who filed the suit asked for an accounting of \$910,000 of union funds which they alleged were misappropriated during the last four years. They also asked that the defendants be barred from an "active part" in the local's affairs.

In attempting to quash the suit, Attorney Harold Marovitz, representing the defendants, charged the sole purpose of the action was "for the C. I. O. to bust up the A. F. L."

Judge Finnegan set Friday for a hearing.

Flexibility of Food-For-Defense Program Indicated

The ability of farmers to adjust their wheat production downward under AAA allotments while at the same time they increase production of other crops under the food-for-defense program demonstrates the flexibility of the nation's farm program, Dale D. Rosenkrans, Chairman of the Lee County Agricultural Conservation Committee, declares.

The 1942 Wheat Acreage Allotments now being sent out to Lee county wheat growers represent a reduction which is made necessary as a result of world wheat conditions.

Farm allotments were determined in the county on the basis of personal knowledge of farms by AAA community committeemen. Adjustments are made on the basis of past cropping history, topography of the soil, and productivity. Wheat growers have a right to appeal their allotments.

Planned Reduction

The planned reduction for the 1942 wheat crop is in contrast to plans for increases in the production of pork, dairy, poultry and certain canning vegetable products. Domestic needs and demand for shipment to other democracies is expected to increase the demand for these products during the next few years.

With huge surpluses of wheat piled up throughout the entire Western hemisphere, however, wheat crop marketing prospects are poor. Farmers are advised by AAA officials to comply with the AAA program to secure better adjustment of wheat production and maintain their wheat income.

4-H Committee Plans Stock Show at Ogle County Picnic Soon

Ogle County 4-H club committee consisting of Howard Webster and Clyde Fry of Polo, Keith Wohner of Rochelle, Harvey Newcomer of Mt. Morris and Lee Klein of Stillman Valley have made plans for activities in the 4-H club agricultural projects which include an exhibition of all livestock in connection with the Farm Bureau picnic in August. The committee selected delegates to represent the county at the Junior Leadership training camp at Lake Bloomington, July 28 to August 2. The delegates are Clarence Stauffer of Polo with Glyndon Stiff as alternate and Donald Stengel with Ralph Gronewold of Adeline as alternate.

Sterling Farmer Is Awarded Classification by Holstein Association

Brattleboro, Vt. June 17—The Holstein-Friesian Association of America reports that John A. Ward, Sterling has just been awarded a herd classification certificate on the basis of the recent official herd classification by R. J. Schafer.

Mr. Schafer is one of the seven official classifiers for The Holstein-Friesian Association of America. The classification of Holsteins by one of these judges is recognized by the Association as providing the most useful

criteria of type comparisons available. The ratings are included in all pedigrees prepared at the national headquarters and are recorded in the Advanced Register and the Herd Improvement Register whenever any classified Holsteins have records reported in these books.

Fifteen members of Mr. Ward's herd were classified, six rating "Good Plus," eight "Good," one "Fair," and no "Pooers" whatever.

FOR ALUMINUM DONATIONS

Springfield, Ill. June 17—(AP)—Sangamon county residents are being asked to donate their old aluminum pots, pans and kettles to the government beginning next Monday, June 23.

The Sangamon County Abraham Lincoln aluminum drive to aid national defense, a group recently organized to guide the drive, announced today an enclosure—24 by 12 feet—would be set up on the south side of the Sangamon county courthouse to receive the donations.

Miss Bevilacqua Is Complimented at Nelson Home

Continuing the series of pre-nuptial courtesies for Miss Josephine Bevilacqua of Nelson, fiancée of William Lafave of Dixon, was the buncie and pinochle party given last evening by four Nelson hostesses at the home of the bride-elect's parents, Mr. and Mrs. Louis Bevilacqua. Composing the hostess quartet were Mrs. Edward Ortigues, Mrs. Ernest Frerichs, Mrs. Bessie Gale, and Mrs. E. D. Stitzel.

Bowls of roses decorated the rooms and the fireplace mantel. Sharing honors at the card tables were Miss Margaret O'Donnell of Dixon, and Mrs. M. C. Stitzel of Nelson, in buncie, and Mrs. Sam Wallis of Nelson, and Mrs. J. J. McCoy of Dixon, in pinochle.

A sugar and cream service in her silverware pattern was the group's gift for the honoree, whose marriage, of Mr. Lafave is to be solemnized on July Fourth. A bridal lunch followed the card games.

On Saturday evening, Miss Bevilacqua will be honored at a shower being arranged by Chicago friends. Several other parties are being planned for her, both in Dixon and Nelson.

Last evening's guest list read for about 15 guests from Dixon, Sterling, Rock Falls, and Nelson.

BICYCLE TOUR

Two-hundred and fifty-six bicyclists from Chicago were in Oregon on Sunday for a tour itinerary sponsored by a railroad company. Black Grange served lunch for the tourists at the Coliseum, before they visited former Governor Frank O. Lowden's Sinsinippi Farm, and continued to Kings to board a train for the return trip to Chicago.

Bellows Family Holds Reunion

Members of the Bellows family held their sixteenth annual reunion on Sunday at the Howard Dennis home in Polo, with 75 relatives attending from Sterling, Rock Falls, Mt. Morris, Rockford, Oregon, Freeport, Dixon, and points in Iowa.

Dinner was served at long tables on the lawn, and was followed by an afternoon program of music and readings. Mrs. Robert Bellows of Polo reviewed the history of the Bellows clan.

New officers of the association include: President, Mrs. Gladys Livingston, Polo; vice president, Mrs. Clara Bellows, Sterling; secretary-treasurer, Mrs. Dorothy Smith, Polo.

The next reunion will be held in 1942 at the G. F. Bellows home on Palmyra road, west of Dixon.

Elsie Mortensen and Mr. Donnelly Wed in Chicago

Marriage vows were exchanged Saturday afternoon by Miss Elsie Mortensen, daughter of Mrs. Frieda Mortensen of Chicago, and Harold Donnelly, Jr., son of Mr. and Mrs. H. J. Donnelly of rural route 4, Dixon, in the sanctuary of Holy Ghost church, Adams and Kildare, Chicago. The Rev. Father Lanas performed the double ring ceremony at 3 o'clock.

The bride walked the white-carpeted aisle to the altar with her brother, Arthur Mortensen, who gave her in marriage. Red roses and white peonies decorated the altar.

The bride was dressed in white sheer with a fingertip veil of net, and carried white gladioli in an arm bouquet. She was attended by her sister-in-law, Mrs. John Mortensen of Chicago, wearing blue, with a cluster of yellow daisies in her hair. Mrs. Mortensen's bouquet contained pink gladioli and yellow daisies.

James Colgan of Amboy served as best man.

Mrs. Mortensen, the bride's mother, was attired in a brown ensemble, and Mrs. Donnelly chose a rose-colored dress. White carnations formed their shoulder corsages.

The ceremony was followed by a reception and buffet lunch at the Mortensen home.

Both Mr. and Mrs. Donnelly were graduated from Lee Center Community high school with the class of 1936. She is employed as a licensed beautician in Chicago and the bridegroom is tester for the Dairy Herd Improvement association. He has been employed in Kane county, but will enter selective service, July 1.

The couple motored to the Wisconsin Dells on their wedding trip. For traveling, the bride wore a navy blue dress with white accessories.

PARLOR CLUB

Fifty guests turned out for the family picnic of the O. E. S. Parlor club last evening in Brinton Memorial Masonic temple. After the supper, tables were placed for contract, with Mrs. Harry Quick, Mrs. David Book, William Slothower and Lloyd Lewis receiving prizes at the close of play.

FROM OHIO

Mrs. Donald Raymond and son David returned yesterday afternoon from a three-week visit in Pickering, Ohio with her parents, Mr. and Mrs. John Hauschildt. Mr. Raymond motored to "ickel" during the week end to accompany his family home.

DINNER HOSTESS

Miss Ruth Carney entertained 20 guests at a 6:30 o'clock dinner Sunday evening at Lowell park lodge.

CHICAGO VISITOR

Among out-of-towners attracted to Dixon on Sunday by the Girl Scouts' June Garden Walk was June Provines, Chicago newspaper columnist.

Several columns of her daily feature, "Front Views and Profiles" in today's Tribune were devoted to her impressions of "Hazelwood," the river gardens, Grand Detour, Oregon and the Rock river valley in general, which she describes as being "knee deep in June."

MRS. WALGREEN SHOWS PICTURES AT STARVED ROCK

The fourth annual School for Nature Study, under the direction of The Friends of Our Native Landscape, convened Monday for a week's session at Starved Rock state park, Utica, Ill. A morning field trip and an afternoon lecture by Donald T. Ries, park naturalist, was followed last evening by an illustrated lecture, "Kodachromes of Wild Flowers," by Mrs. Charles R. Walgreen, and an address by Jens Jensen.

On Sunday afternoon, the Meeting to the Full Leaf, a masque written especially for the landscapers, was presented. Last year, the masque was staged at former Governor Lowden's "Sinsinippi Farms."

For the past three years, the nature study school was held in the Dunes of Indiana.

WILSON-BODDINGER

The couple's newly-furnished home was the scene of the marriage of Miss Alice Boddinger and Ralph Wilson, Saturday afternoon. The Rev. Clifford J. Pierson, pastor of the Presbyterian church of Polo, read the vows.

The wedding was solemnized on the forty-seventh wedding anniversary of the bride's parents, Mr. and Mrs. John Boddinger, who reside four and a half miles north-west of Polo. Miss Sophronia Miller of Bloomfield, Iowa and Robert Boddinger, the bride's brother, were the attendants.

The bride was graduated from the John B. Murphy hospital in Chicago and has been employed in Beryon hospital, Mr. Wilson, who is a son of the William Wilsons of Near Milledgeville, is with the Hedge electric shop at Milledgeville.

POST-NUPITAL PARTY

Mrs. Clinton Holderman entertained 18 guests at a miscellaneous shower Friday afternoon, at the Wirth home, complimenting Mrs. Raymond Wirth, the former Miss Betty Witzel of Ashton. Prizes in games went to Mrs. Walter Heckman, Mrs. Harry Whippleman, and Mrs. Harvey Baker.

Nuptial Mass Is Celebrated at Amboy Church

Nuptial mass was celebrated at 7 a. m. Saturday at St. Patrick's Catholic church in Amboy for Miss Marjory Mary Gillan, daughter of the William Gillans of Amboy, became the bride of Joseph Darrell Reichensperger of Sublette, son of Mrs. Henry Zinke of West Brooklyn. The Rev. Father J. L. Mahoney read the vows.

Rex Elach, Jr., cousin of the bride, played the wedding march, and Charles Smith of Joliet sang two solos, an Ave Maria and "O Lord I Am Not Worthy," during the ceremony. Warren Lester and Paul Reed served the mass.

The bride, who was given in marriage by her father, was dressed in white organza with imported lace trim, over taffeta. Her full skirt extended in a train, and her fingertip veil was trimmed with lace to match her gown. Her only jewelry was a double strand of pearls her bridegroom's gift and her "something borrowed" was a crystal rosary belonging to her maid of honor. Her shower bouquet contained white roses and sweet peas.

Miss Ann McNally of Dubuque was maid of honor for her cousin. She was wearing star dust blue organza, with a matching head-dress and bluish veil. She carried a colonial bouquet.

Patsy Rosier, as junior maid of honor for her cousin, wore pink organza with pink sweet peas and blue forget-me-nots in her hair, and carried a colonial bouquet.

The two bridesmaids, Miss Marian Zinke, sister of the bridegroom, and Miss Rita Rosier, cousin of the bride, chose floor-length gowns of yellow organza with matching head-dresses. Their flower bouquets were also arranged in colonial bouquets. Gold lockets worn by the attendants were a gift from the bride.

Mrs. Gillan wore a beige redingote ensemble with matching accessories for her daughter's wedding, and Mrs. Zinke wore a white dress. At their shoulders were corsage bouquets of Talisman roses.

James Vaghn of Rockford was best man for Reichensperger. Ushers were Kenneth Rulfer of Sublette and Robert McGuire of Joliet.

Following the ceremony, a four-course wedding breakfast was served at the home of the bride's parents by the bride's aunt for some 60 relatives and friends. Blue and yellow appointments, the new Mrs. Reichensperger's chosen colors, appointed the bridal table, where the center decoration was a three-tiered cake.

Afterward, the bridal pair left on a two-week wedding trip to Yellowstone National park and other points in the west. For traveling, the bride selected a luggage.

RECEIVES DEGREE

Among 100 Beloit college seniors who received degrees at the 94th annual commencement Monday morning was Ayres Davies, son of Mrs. Esther D. Rogers of 523 East Everett street. The Dixon student, who received a bachelor of arts degree in history, is a member of Phi Kappa Psi fraternity, and has been active in political and athletic events on the campus.

AT "SINNISSIPPI"

John, Barbara and George Drake of New York City and their young cousins, Lowden and Nancy Madlener of Chicago, have arrived at "Sinsinippi Farm", near Oregon to spend several weeks as guests of their grandfather, former Governor Frank O. Lowden. Dr. and Mrs. Philip Miller and Mr. and Mrs. Albert Madlener of Chicago were week end visitors with Mrs. Miller's and Mrs. Madlener's father, and the Miller children, who have also been spending some time at their grandfather's Ogle county estate, returned to Chicago with their parents.

tan redingote costume with white accessories.

Mrs. Reichensperger was graduated from Amboy Township high school in 1939 and has been employed as secretary to R. G. Heck at the division of waterways in Dixon. The bridegroom was also graduated from Amboy high school, in '37, and is with the Illinois Northern Utilities company.

After their return from the west, the couple will be at home in Dixon.

Out of town guests were present for the ceremony from Dubuque and Clinton, Iowa; Chicago, Joliet, Rockford, Sterling, Dixon, West Brooklyn, Sublette, Mendota and Walton.

DIXON HUSTLERS

The weekly meeting for the Dixon Hustlers was held Monday afternoon at the home of Jean Blocker. Several new members were enrolled, including Charlotte and Kathryn Youngmark and the Misses Doris Ann, Mary Elaine and Frances Drew. Irene Fordham was elected to serve as publicity chairman.

The program included a demonstration by Virginia Dodd, and piano solos by the hostess. Afterward, refreshments were served.

STAG PICNIC

John Dixon and John Shaulis, members of the Dixon Junior Association of Commerce, were honored guests of the organization at a stag picnic held last night at Fred Meinke's cottage on Rock river. About 18 members joined in the event and presented gifts to the two young men who expect to be inducted into the Army tomorrow. President Lyle Myers arranged the party.

TINY TOT NURSERY

Fifteen children are enrolled in the Tiny Tot nursery organized a week ago for two to five-year-olds by Miss Carol Heckman and her mother, Mrs. P. O. Heckman. Supervised play periods are featured with birthday parties as a special feature.

DINNER GUESTS

Mr. and Mrs. Robert Sterling will entertain at dinner Wednesday evening for Norman Sterling of Jacksonville, Fla.

Mrs. Harry U. Bailey of Princeton, Ill. has been confined to her home with illness. Mrs. Bailey has many friends in Dixon.

Summer Theater Opens This Week at Illini Hall

Director Richard Vernon and members of his Grand Detour Players troupe are busily occupied with preparations for re-opening their summer playhouse in Illini hall and with rehearsals for the season's first production, "Meet the Wife," to be presented in a two-night run, beginning Thursday evening. The Friday evening performance is to be a benefit for Katherine Shaw Bethea hospital, with members of the Service club of Dixon as sponsors.

Mr. Vernon has assigned Miss Joan Norlander to the role of Mrs. Lenox, charming yet slightly eccentric hostess of most inappropriately named Liberty Hall. Miss Norlander, who appeared with the Players last season, played a succession of leading roles during the past winter at Mr. Vernon's Playhouse Theater in Chicago, in addition to weekly radio performances and several experimental television broadcasts.

Harvey Lenox, Mrs. Lenox's second and long-suffering husband, will be portrayed by Herbert Haddon, a newcomer to the troupe, who has toured the country with several well-known stock companies, including the Castle Square Theater company of Boston. His recent Chicago appearances include work in Ian Keith's Shakespearean cycle at the Blackstone, with Willie Shore in "See My Lawyer."

Appearing as Doris Bellamy, Mrs. Lenox's daughter, is another newcomer, Miss Edith Perry of Louisville, Ky. She formerly was a member of the Louisville Players troupe, and for the past two years, has been appearing on radio programs in Chicago.

The role of Victor Staunton, chosen by Mrs. Lenox as Doris Bellamy's suitor, will be interpreted by Randall Krell, also a new member of Mr. Vernon's company. He formerly attended De Paul university, has been a member of Mr. Vernon's Playhouse troupe, and has written several three-act plays.

John Cosgrove, 22, makes his first appearance with the Grand Detour Players in the role of Philip Lord, Mrs. Lenox' first husband, whose unexpected appearance at Liberty Hall results in a series of embarrassing situations. While attending Loyola university in Chicago, he played in musical productions, appeared in vaudeville on the Butterfield circuit in Michigan, left school to play professional baseball, and then decided to devote his time to the theater. He toured Illinois with the Barnum Players in 1939, appearing in Oregon and Sterling; toured Indiana, Ohio and Kentucky with the Empire Theatre Guild; was formerly with the Uni-Theatre summer theatre near Elgin, has made television recordings, and was cast as an extra for "Wells Fargo" and "The Buccaneer" in Hollywood.

Other members of this week's cast include: Frank Duffy, another former Loyola university student, who has appeared with the Loyola Dramatic Players, Playhouse Theater Productions, and with a Denver, Colo. stock company.

TO CLOSE CHAPTER

Any dramatically-minded person of the older-than-high-school age desiring to become a charter member of The Community Players—newly-founded Little Theater organization in Dixon—is invited to attend a meeting to be held at the Loveland Community House at 7:30 o'clock Wednesday evening. The report of the group's nominating committee will be heard, and officers will be elected.

er former Loyola university student, who has appeared with the Loyola Dramatic Players, Playhouse Theater Productions, and with a Denver, Colo. stock company.

Also Miss Loretta Kingsley, who started her first season with the Grand Detour Players and has recently been doing professional radio work in Chicago.

Wallace Dace is to be in charge of the sets this season. He spent the past winter at Illinois Wesleyan university in Bloomington, acting as stage designer.

Homemakers Return From Camp Hauberg

Twenty-eight Lee county women have returned to their homes, after enjoying the fifth annual homemakers' outing at Camp Hauberg on the Mississippi river.

Principal speakers were Mrs. Elsie Mies of Urbana, and Mrs. Margaret Wells Wood of the state department of health. The camp program also included instruction in the making of wooden serving trays, wood-burning, rug making and needlework; boat trips on the Mississippi, and other recreation planned by Mrs. Irene Gonigam of Walnut and Mrs. Eleanor Clark of Lindenwood.

Attending the three-day camp from Lee county were Mrs. Amil Bernardin, Compton; Mrs. Vernon Rhoads, and Mrs. Carl Kaiser, Pav Paw; Mrs. Clarence Hart, Ashton; Mrs. W. W. Chiles, Franklin Grove; Mrs. Louis Gonigam, Jr., Walnut; Mrs. Theodore Knoll, Mrs. Ellis Kugler and Mrs. George Ross, Harmon; Mrs. Hoffman and Miss Ruth Hoffman, Sterling; Mrs. Lucretia Ransome, Miss Ruth Ransome, Mrs. Minnie Dollmeyer, Mrs. V. Those "International Bankers"

Michael Edelstein is dead and buried. Does it
seem late in the day to take note of that? The
New York congressman died suddenly of a heart
attack in the House cloakroom immediately after
making his last impassioned speech. The customary
tributes were made by his colleagues, and it was
duly noted that his last words were concerned with
the essential equality of men and the love they
have for freedom.

It would be unwarranted, no doubt, to imply
that Edelstein died from the emotional strain of that
last speech. He "should have died hereafter," like
Lady Macbeth, and when the heart stops suddenly,
no one has a formula to say how much was con-
tributed by this word, that emotion, the other phys-
ical failure. No one can know whether the sting of
the words of the speaker preceding him contributed
much, or any, to his dying.

Edelstein is gone and can no longer dispute
those words. It is so much more the duty of others
to discuss them candidly.

They were the old, familiar, moth-eaten charge,
hurled forth in the usual general terms, that "a lit-

of first gear and lets it coast down
the slope in second, but tonight he
doesn't bother.

He is in no particular hurry to
get there. He hates to admit it, but
he is afraid. Nothing that he can
handle with his fists can scare him
like this, but Adoreen can put
him out for the count by flicking
an eyelid.

He isn't sorry he asked Adoreen
to marry him, and he hopes the
answer will be yes. But he is
afraid it might be no, and he is in
no hurry to get tilted by the cutest
little package that ever slid a plat-
ter of eggs across a marble coun-
ter.

Half a dozen trucks are piled up
in the dirt next to Herbie's, and
Angus squeezes in between a
couple of semi-trailers. He is
hoping he will get a minute alone
with Adoreen without one of the
boys busting in and making smart-
aleck cracks.

The place is full of smoke when
Angus walks in, and some of the
fellows yell at him. Angus just
waves and grabs a stool in front
of where Millie is slipping butter
on a dozen slices of bread.

"Hello, Millie," says Angus.

"Addie in the kitchen?"
Millie swings around like she is
about to suggest that somebody
go climb a tree, but when she sees
Angus, her face softens a little
and she says, "Oh, it's you."

"Can I go in the kitchen, Mil-
lie?"

"Sure, sure. Go ahead. I'm busy.
Don't bother me now."

Angus pushes his hair back un-
der his cap, and it comes right out
again. He takes a quick look
around the place and ducks into
the kitchen. He gulps once, and
then he says, "Hello, Addie." But
no one answers, so he tries again
before he realizes the kitchen is
empty.

HE is about to go back into the
other room when Millie shows
up. Her face is wet with perspira-
tion and her hair looks like a
thatched roof. "Now look here,
Angus MacPhillize, don't ask any
questions. I'm busy and I ain't
got time to swap any conversation
with you. I'm all alone and I'm
trying to feed that mob out there
without passing out any pto-
maine."

Angus is bewildered and much
more scared than if Adoreen were
around. "But where's Addie?"
I thought she was gonna have Sat-
urday night off."

Millie wipes her hands on her
apron and fishes around in her
pocket. She hands Angus a letter.
"Looks as if this is for you," she
says. Then she grabs a couple of
steaming platters and heads for
the door.

Angus rips open the envelope.
It is a letter from Adoreen, and he
sits down to read it.

"Dear Angus:

"Am writing a few lines just
to let you know I have decided
to go to New York and seek my
fortune like we talked about so
many times. I saw an ad for
some chorus girls in a New York
paper that a salesman left here
and if that isn't opportunity
knocking, then I don't know
what is. Even though it's not a
big job I am willing to start at
the bottom and dance in a

the group of our international Jewish bankers" has
been trying to lead the United States toward war.

Such a group either exists, or it does not. Either
it is acting thus, or it is not. No good purpose, and
many an evil purpose, may be served by repeating
this phrase, repeating it again and again in a sin-
ister and mysterious tone, always without specific
evidence. It should be demonstrated, or left un-
said.

To begin with, it's pretty clear that interna-
tional bankers these days don't have the weight
they used to have, and that they are far less free
than they used to be in throwing about the weight
they do have. Further, it remains to be shown that
such international bankers as happen to be Jewish
are any more united on any single point of view
than those who happen to be Christian.

The best that can be said about those who propa-
gate these sly innuendoes is that they are ill-in-
formed. The worst is that they are deliberately
trying to create the kind of schisms in the United
States which so effectively cleft France asunder,
and which helped Hitler to power in Germany.

Michael Edelstein is dead and buried, dead in
the very act of fighting a scurrilous and thoughtless
charge which has so often been advanced to create
division and confusion.

The Farmer in Wartime

In normal times, the farmer must grapple with
difficult problems. In abnormal times, such as the
present, those problems are doubled.

That is where such institutions as the farmer-
owned marketing co-operatives enter the picture.
They can deal with the problems of dwindling ex-
port markets, of higher production costs, of chang-
ing domestic markets, of improved production
methods.

These co-operatives are growing in size and in
influence. The intelligent farmer knows that he
needs their services more than he ever did.

The A. T. and T. announces that U. S. has 16
telephones for every 100 persons. My golly, was it
only 84 people we waited for at the last booth.

NEWS BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features
Syndicate, Inc. Reproduction in
whole or in part strictly prohib-
ited.)

Washington, June 16—For
months before Mr. Roosevelt
joined with the CIO leaders to
purge some of the worst Commu-
nist local labor leadership, his
friends and theirs were asking
what could he do about it. Since
then they have found a dozen lit-
tle things to do, without legisla-
tion, without publicity, but with
hitting power.

Cutest trick of the lot has been
worked through the Dies com-
mittee. In all these flagrant de-
fense strike cases, Roosevelt's
labor mediation board summons
the local labor bargaining com-
mittees along with agents of the
management to Washington for
joint negotiations. If there are
only two Communists in a union,
they make it their business to get
on the bargaining committee.

That is the first principle of
Communists sabotage doctrine.

As a result, the mediation's
board hearings have become a net
in which to bag some of the red-
dest Reds. Somehow the Dies
committee always learns quietly
who is going to be in the net next
and either meets them at the train
with a subpoena, or at the media-
tion board conferences. Con-
fronting them with their hidden
past, records of paroles, defects in
citizenship papers and whatever
can be found in FBI or committee
files, the committee either sends
them back to jail or into court.

The effect has been to frighten
the Communists away from bar-
gaining committees and con-
spicuous sabotage in every union
throughout the country, thus di-
minishing strike threats and pro-
moting defense production.

In effect, it is a purge with fil-
ling cabinets, a delousing by dos-
siers.

How far the government will go
to clean Communists out of labor
is not clear yet, and probably has
not been decided. Whether the
government goal is only to assure
production now and let be the
Commies who do not interfere with
it, or whether there is to be a
thorough house-cleaning to
guarantee future production as
well, is the big matter to be de-
termined.

All indications suggest Roose-
velt and the CIO leaders are mere-
ly meeting strike matters as they
arise. The FBI and the Dies com-
mittee, however, have begun fil-
ling cabinets which could be
used if the greater goal becomes
agreeable to the responsible
union leaders.

The inner workings of federal
mediation have been smoothed out
at last, except for one major part
of the works. Sidney Hillman.
This is what has happened:

When the mediation board was
first appointed, it naturally did
not want to be swamped with
strikes certified to it by the labor
department. Yet congress and
the public were emitting critical
noises demanding the action they
had a right to expect. Labor
Secretary Perkins resisted the

Farmers Need Dry Weather to Wind Up Work in Fields

Springfield, Ill., June 17—(AP)—
Reporting some damage to Illi-
nois crops from rains in the last
week, the federal and state agri-
culture departments has reported
that farmers generally need a
week of dry weather to complete
overdue field work.

Recent rains caused "consider-
able" hay damage and retarded
field work so that much of the
state's corn crop is weedy and in
need of cultivation, the report
said. Some soybean fields must
be replanted due to flooding.

"The progress of farm work
was further delayed during the
past week by wet fields over most
of the northern and central sec-
tions of the state," the report
said. "Rains varied from mostly
light and insufficient in southern
Illinois to light to heavy north-
ward."

"Varying damage to crops
from flooding of bottomlands and
low spots resulted in many cen-
tral and northern areas. Consider-
able hay has been damaged by
rains. Much corn is becoming
weedy as little cultivation has
been accomplished since the first
of the month due to wet fields."

Nearly all the fish in Navajo
Lake, Utah, were killed when the
lake froze almost completely sev-
eral winters ago.

pressure for a time, then relaxed
every important strike (except
coal for some reason or other),
and some which were not impor-
tant. The labor mediation board
soon came to see her asking some
protection for itself against the
downpour.

An agreement thereupon was
made which is now in effect. Miss
Perkins appointed a committee to
decide which strikes should go up
to the mediation board. It is sig-
nificantly composed of Chairman
Dykstra of the mediation board
(who knows what he wants) and
the only official of this govern-
ment who has never been seri-
ously criticized; John R. Steelman,
head of the conciliation service
(who knows what Dykstra should
have) as well as one of Hillman's
men, Max Brandewen.

This committee circumvents by
2 to 1 the possibility of any trou-
ble from Hillman, of which there
had apparently been plenty ear-
lier. As the president's alter ego
for Knudsen at the head of the
defense setup, Hillman thought it
his duty to advise both the media-
tion board and Miss Perkins, or
to advise other people to advise
them when they did not follow
his advice.

In a way it seems to put the
square Hillman in a round hole,
but at least it keeps him from
falling all over the pinochle
board.

One of the finest tributes that
could be paid to both business
management and union labor in
these strained times is the private
voting record of the mediation
board.

Although the board contains
such opposite points of view as
represented by Walter Teagle of
Standard Oil and Philip Murray of
CIO, it has never failed to be un-
animous in its decisions. About
40 of the toughest cases have
been considered. Not all have
been decided, but the men have
gone back to work in most, and no
serious board dissension has ap-
peared in any. Democracy can
work, if it has the chance.

General Hinds, 76, Hero of Two Wars, Answers Last Call

Pershing's Artillery Chief
in Europe is Dead
In Texas

(Picture on Page 1)

San Antonio, Tex., June 17.—
(AP)—Major General Ernest
Hinds, U. S. A., retired, Gen. John
J. Pershing's chief of artillery in
the A. E. F., died today at the
station hospital, Fort Sam Hous-
ton. He was 76 years old.

German observers in the World
war unconsciously paid tribute to
Major General Hinds and in so do-
ing gave due credit to an Ameri-
can army officer recognized as one
of the most able artillery experts
of his time.

As chief of artillery of the A-
merican Expeditionary Forces,
General Hinds was in command of
every piece of artillery which the
United States threw into the great
conflict.

After the war, secret reports of
the observers on the efficiency of
the Americans were brought to
light. They credited the American
artillery largely with bringing a-
bout the defeat of the German
armies because "its machine-like
accuracy and deadliness" held up
their advances, covered the ad-
vance of the Americans and pre-
vented counter-attacks.

Praise Unusual

This praise was the more un-
usual because every other branch
of the American fighting forces
was criticized or ridiculed in the
observer's reports.

When the United States entered
the war, Hinds was made a brig-
adier general, and after a brief
service at Camp Taylor, Kentucky,
was sent to France. His first ser-
vice in the war area was as com-
mandant of the artillery school at
Sannur, France, later taking com-
mand of the First Corps Artillery.
Promoted to lead the first Ameri-
can Army Artillery, he finally
was made Chief of Artillery of the
American forces and raised to the
rank of major general.

The end of the war found Gen-
eral Hinds' blouse decorated with
the Spanish Campaign badge, the
Cuban occupation badge, the
Croix de Guerre with palm, and
decorations signifying that he had
been a commander of the Legion
of Honor by France, commander of
the Order of Leopold by Belgium,
and commander of the Order of
Saints Maurice and Lazarus by It-
aly. His own government awarded
him the Distinguished Service
Medal.

In Army 45 Years

In April, 1928, General Hinds
was retired from the army after a
service of 45 years. He and his
wife made their home at San An-
tonio, Texas, near Fort Sam Hous-
ton, where he had been stationed
frequently. The general became
general manager of a credit asso-
ciation, and established his office
across the street from the head-
quarters of the Eighth Army
Corps Area, which he commanded
just before his retirement.

General Hinds, the son of a phy-
sician, was born in Alabama, Aug-
ust 18, 1864. He attended public
school and Grove high school at
Birmingham, received appointment
to West Point in 1883 and was
graduated four years later as a
second lieutenant of artillery.

He married Miss Mary Miller of
Nashville, Tenn. They had a
daughter who became the wife of
Major Fred T. Cruise of the United
States army, and a son, John
Hamilton Hinds, an officer in the
field artillery.

First Time Under Fire

The Spanish-American war gave
General Hinds, then a lieutenant,
his first opportunity for service
under fire and he acquitted him-
self creditably. About the time
that war began he had just been
graduated with honors from the
artillery school at Fortress Mon-
roe, Virginia, and was assigned
to light battery F, Second Field
Artillery. Before Santiago he
commanded Captain Parkhurst,
was wounded and Lieutenant
Hinds became commander of the
battery for the remainder of the
campaign.

Returning to Cuba with the
army of occupation, Hinds was
sent to the Philippine Islands to
help quell the insurrection, serv-
ing as major of volunteers. After
his return to the United States he
was made a captain in the regular
army and assigned to Fort Sam
Houston.

There followed transfers to var-
ious posts in this country includ-
ing service as adjutant general of
the departments of Colorado and
Texas, and another period in the
Philippine Islands as assistant ad-
jutant general. Assigned to the is-
lands again in 1914 as chief of
staff, General Hinds took a lead-
ing part in drawing the plans for
the defense of the islands. Mean-
while he won several promotions
until in 1916 he was raised to the
rank of colonel.

During his long service General
Hinds served on many army
boards, including the Field Ar-
tillery board, one that drew up the
present regulations for artillery
drill and various boards having to
do with the defense of the Phil-
ippine Islands. He was president of
the board of competitive tests of
automatic machine guns and in
1912 commanded the Red artillery
in the army maneuvers held in
Connecticut.

County Officials Called to Battle Child-Aid Program

Springfield, Ill., June 17—(AP)—
Opponents of the administra-
tion-supported \$16,000,000 chil-
dren's aid program called on coun-
ty judges and chairmen of county
boards of supervisors today to or-
ganize meetings in every township
in the state this week to express
disapproval of the pending legisla-
tion.

The latest development in the
sharp fight over the plan to repeal
the locally-administered mothers'
pension law and substitute an ex-
panded program of aid to depend-
ent children supervised by the
state came in letters dispatched to
local officials by Edward L.
Scheibel of LaSalle, president of
the County Officers Association
of Illinois, and County Judge
John J. Massieon of LaSalle
county.

Scheibel and Judge Massieon,
declaring that the purpose of the
Green program "is to take away
local government and to create
further centralization of govern-
ment," urged the local officials to
call township meetings to express
their opposition.

Legislators who supported the
\$16,000,000 program when it was
passed overwhelmingly in the
house two weeks ago charged that
local officials opposed the legisla-
tion because they will lose control
of mothers' pension funds. The
bill is pending in the Senate.

SECOND ROUND OF CLAY COURTS TENNIS TOURNAMENT BEGINS AT RIVER FOREST

Chicago, June 17—(AP)—
Seventh-seeded Ted Schroeder of
Glendale, Calif., was one of the
few seeded players facing a se-
rious test today in the second
round of the national clay courts
tennis tournament at River Fore-
st club.

Schroeder's opponent was south-
paw Seymour Greenberg of sub-
urban Evanston, two-time Big
Ten champion, rated a good chance
to win the national intercollegi-
ate title next week. He is a junior
at Northwestern.

Greenberg, primarily a defen-
sive player, advanced along with
the favorites yesterday with a
6-1, 6-1, 6-1 victory over Thane
Halstead of Wheaton, Ill. Schro-
der polished off Toley of Los
Angeles, 7-5, 6-3, 6-3.

The only casualty among the
ranked players Monday was Jack
Kramer, fifth-seeded, who lost to
William Reedy, Los Angeles,
6-4, 8-2, 6-2.

Pauline Betz of Los Angeles,
ranked first among the women,
easily advanced yesterday with
a straight set conquest of Marion
Woolisher of nearby Winnetka.
Her second round rival was Mar-
jorie Stafford of Madison, Wis.

TEXAN ACQUITTED

Conroe, Tex., June 17—(AP)—
It took a jury only two minutes
to free W. S. Cochran, 41-year-
old palntation owner, of a murder
charge filed after the courtroom
slaying of Bob White, a Negro,
accused of raping Cochran's wife.
White was fatally shot June 10
at the outset of his third trial
on a rape charge. He had been
convicted twice previously but
both verdicts were reversed by ap-
pellate courts.

District Attorney W. C. Mc-
Clain asked Cochran's acquittal
yesterday, pleading:

"The time has not come and I
trust that it never will come when
any man, black or white, can
steal into a man's house and rav-
ish his wife and go free."

MIDWEST TRACKMEN ARE EXPECTED TO SHINE IN PACIFIC COAST EVENTS

Los Angeles, June 17—(AP)—
Invaders from the midwest were
expected to shine in individual
feats of speed and strength, but
track and field stars of the far
flung Pacific Coast conference
were heavily favored to defeat the
pick of the Big Ten in their annual
dual clash tonight.

The meet, coming as a final
tuneup for the N. C. A. A. cham-
pionships this weekend at Palo Al-
to, shaped up as the greatest dual
engagements of the 1941 season
and one likely to produce record
breaking performances.

Outstanding marks were pre-
dicted in the one mile relay, discus
throw and high jump.

Standout in Discus

Indiana's Archie Harris ap-
peared to be a standout in the discus
(best mark 174 feet, one inch).

Other star performers include
Campbell Kane of Indiana (1:50
in the 880), Hurdle: Bob Wright
of Ohio State (14 seconds in the
high), Warren Breidenbach of
Michigan (1:514 in the 880), My-
ron Piker of Northwestern, Big
Ten sprint champion, and Ray
Cochran of Indiana, conference
quarter mile champ.

IN THE GALLERY YESTERDAY

Caj G. Tyler and his son, George, were in Chicago yesterday where they watched Ralph Stonehouse in the P. G. A. qualifying rounds at the Brookwood course. Mr. Tyler came back with an interesting sidelight on the play: On the second hole, dolled with trees along the edge of the fairway, Medalist Johnny Revolta drove off from the tee and his ball hit a tree and bounded into the center of the fairway. On his second shot, a long wood shot to the green, the ball again hit a tree and bounded into the clear. As a result Revolta took a par four on the hole with a miracle escape from a six count. In the afternoon round Stonehouse counted a six on the same hole for his only high score and Revolta's luck was the deciding factor of the match. Included in the players of the day that Mr. Tyler saw was Byron Hickey who was formerly a pro at the Morrison, Ill. club.

TENNIS STAR INJURED

George Covert, Dixon's star tennis player, yesterday suffered a bad sprain of his left ankle and is likely to be out of tennis competition for several weeks. George, a meter reader for the local utilities, was leaving the Loveland Community House when the accident occurred. X-rays revealed that no bones were broken, but local physicians have ordered him to stay off the foot for sometime. The Dixon Beier's tennis club of which George is an important member, is scheduled to meet Sterling here this Sunday afternoon.

MT. MORRIS WINS

Jack Harvath's Mt. Morris Cardinals whipped the Moose club of Rockford 9 to 3 Sunday afternoon on the Mt. Morris diamond. Snodgrass, Mt. Morris first sacker, was heavy hitter of the day with three hits. Winning battery was composed of Frey and Harvath. The Dixon Knacks had a lucky escape (1 to 0) earlier in the season in a game with the Cardinals.

BOWLER NEARLY BREAKS RECORD

Bob Hoyle, Dixon bowler, who was a member of Plowman's team in the league this past season, last night rolled a 267 game in open bowling at the Dixon Recreation. Bob started with eight strikes in a row, got nine pins on his first ball in the ninth frame and picked up the spare. In the tenth he got a strike and on the extra ball picked up eight pins. The present record at the Dixon Recreation is 289 and held by Kent Stuart. Hoyle had a 157 average in the league season.

KNACKS TO PERU SUNDAY

The Dixon Knacks who defeated the Peru Merchants here earlier in the season in one of the best games to date, go to Peru for an afternoon return game Sunday. Manager Hi Emmert has indicated that he expects to use Ralph Keegan on the mound, the hurler who defeated the Merchants 9 to 4 here. Last Sunday the Merchants whipped the Rockford American Legion team, 15 to 5, as Vickery allowed the hosts and losers only five hits.

"PRACTICE MAKES PERFECT"

Ralph Stonehouse, Dixon Country club pro who yesterday qualified for the National P. G. A. tournament July 7, has good reason to believe in the old saw that "practice makes perfect." He worked out 15 hours last week grooming himself for yesterday's qualifying rounds and last Wednesday he cracked out 700 balls in six hours of practice.

MORE TRAIL RIDERS

Mrs. Daniel A. Orth, Jr., of Wheaton, Ill., today made reservations for six persons to participate in the Rock River Horseman and Trail association's big feature ride Sunday starting from the Babson Arab farm at Grand Detour. Other reservations today included those for three riders from Maywood entered by Mrs. C. Yunkers. It is expected that over 200 persons will be riding in the widely-publicized event.

SOFTBALL GAMES HERE TONIGHT

Tonight's softball program at the Dixon Sport prom-ises to be another night of outstanding value to the fans. The Three Deuces are slated to meet the undefeated Bordenes in the first game and the nightcap brings together two undefeated clubs—Reynolds vs. United City.

TO BUILD MORE BLEACHERS

With the overflow crowds attending the softball games at Polo on Tuesday and Friday nights, the league of that community is building additional bleachers and it is reported that work will begin tonight.

SADDLE NEWS

Twelve Dixon equestrians rode in the weekly breakfast hike here Sunday through Hazelwood and Lowell Park ending with pancakes and sausages at the park lodge. Included among the riders were Mrs. Eunice Beatty, Mr. and Mrs. Charles Dickey, Horace Akeman, Floyd Smith, Jr., Tom Burke, Quincy Adams, Charles Finley, John Roe, Jr., Clarence Myers, Warren Healey and John H. Longman.

KNACKS PRACTICE TONIGHT

Manager Hi Emmert again issues his call for all Knacks to report at Reynolds Field tonight for that all-important bi-weekly practice session: at 5:30 o'clock.

WESTERN RATINGS

Phil Watts who is now serving in the U. S. Army, writes from California where he is temporarily stationed, that Illinois has it all over the Pacific Coast any day; however, he gives the western feminine pulchritude a three star rating. He expects to visit the Dixon boys at Camp Roberts before returning to his work at Camp Grant.

TO ORGANIZE GIRLS' TEAM

Ethel Atkinson reports that all girls interested in organizing a softball team are asked to attend a meeting and practice session at Reynolds Field Thursday afternoon at 5:30.

ASHTON LEAGUE OPENS

The F. E. A. softball team won a 15 to 5 victory over Lee Center in the opening night of the Ashton league in a twin bill at the Kersten Field. In the nightcap skirmish the United City team of Dixon trounced the Country team, 16 to 3. The F. E. A. boys counted 13 hits and four errors were marked against them. Of the extra base hits Pitcher L. Calhoun got a double and a home run. The latter was in the third inning with one aboard. Page also got a double. Traugher of Lee Center clouted a two bager as one of the nine hits for his mates who also made four errors. In the United City team's victory the Dixon team made 11 hits and four errors. The Country had six hits and eight errors. Carlson of the winners got two doubles and Holland and Coakley each clouted one.

Lou Salica Holds Bantamweight Title

Philadelphia, June 17—(AP)—Crafty, ring-wise Lou Salica of Brooklyn still is bantamweight champion of the world because he had a plan and stuck to it. On the verge of losing his 118-pound title to Philadelphia's Tommy Forte for the second time in six months, he came from behind last night to gain an unanimous 15-round decision over the challenger before 14,500 at Shibe park. Before entering the ring at 8 to 5 underdog because of Forte's excellent showing against him in January, Salica said he planned to win with a jab. That's exactly what he did.

Right from the start Forte found Salica's left stick in his face. For five rounds it didn't slow up the challenger, but over the last 10 stanzas and especially from the eighth through the 13th Salica repeatedly stung Forte with jab after jab, seldom taking a punch in return.

SEMI-PRO BASEBALL MEET BEGINS IN KEWANEES JULY 14

Chicago, June 17—(AP)—The annual state semi-pro baseball tournament will begin at Kewanee July 14. State Commissioner W. C. Niesen announced today. The tourney will be run on the double elimination plan with the title-deciding series to run two best out of three games. Palmer House of Chicago is the defending champion. The state victor qualifies to compete in the national tournament at Wichita, Kans., Aug. 15-27.

FIGHT EXPERTS PICK JOE LOUIS OVER BILLY CONN

New York, June 17—(AP)—The fight "experts," the fellows who for a living have to look at all the tussles, like Joe Louis over Billy Conn in tomorrow night's doings at the Polo Grounds, but the surprise of their voting today was that the Brown Bomber was only a 2 to 1 choice.

An Associated Press poll of the fight writers gathering for Joe's 18th defense of the heavyweight crown showed that of 33 casting ballots 11 picked Conn and 22 rode along with the head man.

Ralph Stonehouse Qualifies for Pro Golf Tournament

DIXON COUNTRY CLUB PRO WILL PLAY AT DENVER

National Meet Will Be Held July 7 For Pro Title

Ralph Stonehouse, Dixon Country club's new pro, who came here with a scrapbook of clippings from outstanding national and state tournaments yesterday demonstrated that sports writers were not only recording a brilliant past but probably predicting a promising future. In the sectional qualifying tests for the National P. G. A. tournament yesterday Stonehouse scored 73-74 for 147 to become one of seven to become eligible for the event at Denver, Colo., starting July 7.

RALPH STONEHOUSE

Playing over the Brookwood course at Chicago, the Dixon pro was the only player not a resident of the Windy City to qualify for the big tournament, Johnny Revolta of Evanston Country club led the field as he carded 73-70 for 143.

Other Qualifiers

Revolta, a former P. G. A. champion was only one stroke ahead of Jim Foulis of Chicago who registered 71-73 for 144. The other five qualifiers in this district were: Lloyd Mangrum, 75-71—146; Ernie (Dutch) Harrison (present holder of the state P. G. A. title), 73-74—147; Stonehouse 147; Charles Penna 71-77—148; John Gibson 75-75—150.

The Chicago district was allotted ninth place in the national meet, but the other two were already filled by Dick Metz and Horton Smith who were exempt because of membership on the U. S. Ryder cup team.

In duplicating the qualifying score of the present state titlist, Stonehouse demonstrated his golf talent in superb style yesterday over the long, tough Brookwood course which has many trees, water hazards and lightning-fast greens. His pitching was excellent and his drives were consistent. His major trouble was encountered on the sixth green which he three-putted once in the morning and again in the afternoon. By his own expression he says he "never wore out so many words in his life" over the tough, soggy course.

Revolta, the busy thatched Evanston pro who is one of the ranking members of the golfing invalid set, demonstrated that he's feeling some better. Encased in the special corset which has been prescribed for a sacroilia condition, Revolta won the medal with one over par on the morning round with a 73. He rallied in the afternoon for a 70, two under, and a 36 hole total of 143.

Stonehouse's score included 22 pars and six birdies. His score, with par in black type, is as follows:

YESTERDAY'S STARS

(By The Associated Press) Bill Lohman, Giants—Pitched three-hit ball against Reds and batted in two runs with double. Bill Dickey, Yankees—Delivered single with bases loaded in eighth inning to beat Indians. Ken Chase, Senators—Kept eight hits scattered in holding Tigers to one run. Babe Dahlgren, Cubs—Made debut at Chicago with one hit and two walks in four trips to plate, fielding chances at first base, including a part in three double plays.

YANKS WIN EIGHTH TILT IN A ROW

Associated Press Sports Writer The New York Yankees have a psychological edge over their rivals whenever they get rolling high and handsome in their present manner.

In winning their eighth consecutive game yesterday they appeared to overawe the Cleveland Indians—and this should be a danger signal for the rest of the American League. In their days of glory the Yankees always had two strikes on every foe before they even sauntered onto the field and they now look as if they are spellbinding the opposition again this season.

The bombers didn't outthit the Indians and they didn't outpitch them yesterday, but they won, 6-4, and cut Cleveland's first-place margin to a single game.

The tribe had a 4-3 lead by the time the Yankees came to bat in the eighth inning and Lefty Al Milnar was looking better than he had at the start of the game. Then his infield went to pieces, donating the Yankees three unearned runs.

Extends Hitting Streak Joe DiMaggio extended his hitting streak to 29 straight games with a double in the fourth inning, but had no part in any of the Yankee scoring. The three-game series drew 100,675 fans.

The Washington Senators downed the Detroit Tigers, 3-1, in the only other American League game. Ken Chase put on a fine pitching show for his first victory since April 19, scattering eight hits and fanning seven batters. The Senators pounded Buck Newsome for nine hits in the first six innings, with Buddy Lewis again delivering the most important blow, a two-run single.

In the National League the New York Giants shut out the Cincinnati Reds, 6-0, on the three-hit hurling of Bill Lohman and the wildness of John Vander Meer and Gene (Junior) Thompson.

The double no-hit southpaw star, who had walked only four men in two complete games, passed the first four men who faced him at the start of yesterday's game. Thompson, rushed in from the bullpen, walked the next man. The Reds finally got the Giants out, but in the second inning Thompson walked two more, one of the passes leading the bases and the other forcing in a run.

Giants Score Three In the third inning the Giants operated on their own, scoring three times on two singles and two doubles, one of the latter by Lohman himself. Whitey Moore checked the Giants from the fourth on.

The New York right-hander was spectacular on the mound, letting only one runner get past first. The Chicago Cubs cuffed the Phillies, 3-1, with a fielding show in which Babe Dahlgren, their new first baseman, played an important part. He handled a dozen chances and participated in three double plays, two of which were routed by home plate. He also made a hit and got two walks at the plate. Jake Mooney kept the tail-enders scoreless until the ninth.

ACE GOLF AMATEURS TEE OFF IN TRANS-MISSISSIPPI TOURNAMENT AT ST. LOUIS

St. Louis, June 17—(AP)—It was generally agreed the golfer with the hottest pitcher and putter probably would win the men's starting today over the tough Trans-Mississippi tournament. A field of approximately 150 crack amateurs, headed by defending champion Art Doering of Chicago, teed off in the 18-hole qualifying round this morning. The best 64 will be paired for the match play, beginning tomorrow and continuing through Sunday.

Doering, former Stanford golfer who suffered an upset defeat in the Illinois state tournament last week, was ranked as one of the early favorites along with Bob Cochran, St. Louis No. 1 amateur and former Missouri champion, and Don Schumacher of Dallas who tied for medalist honors last year.

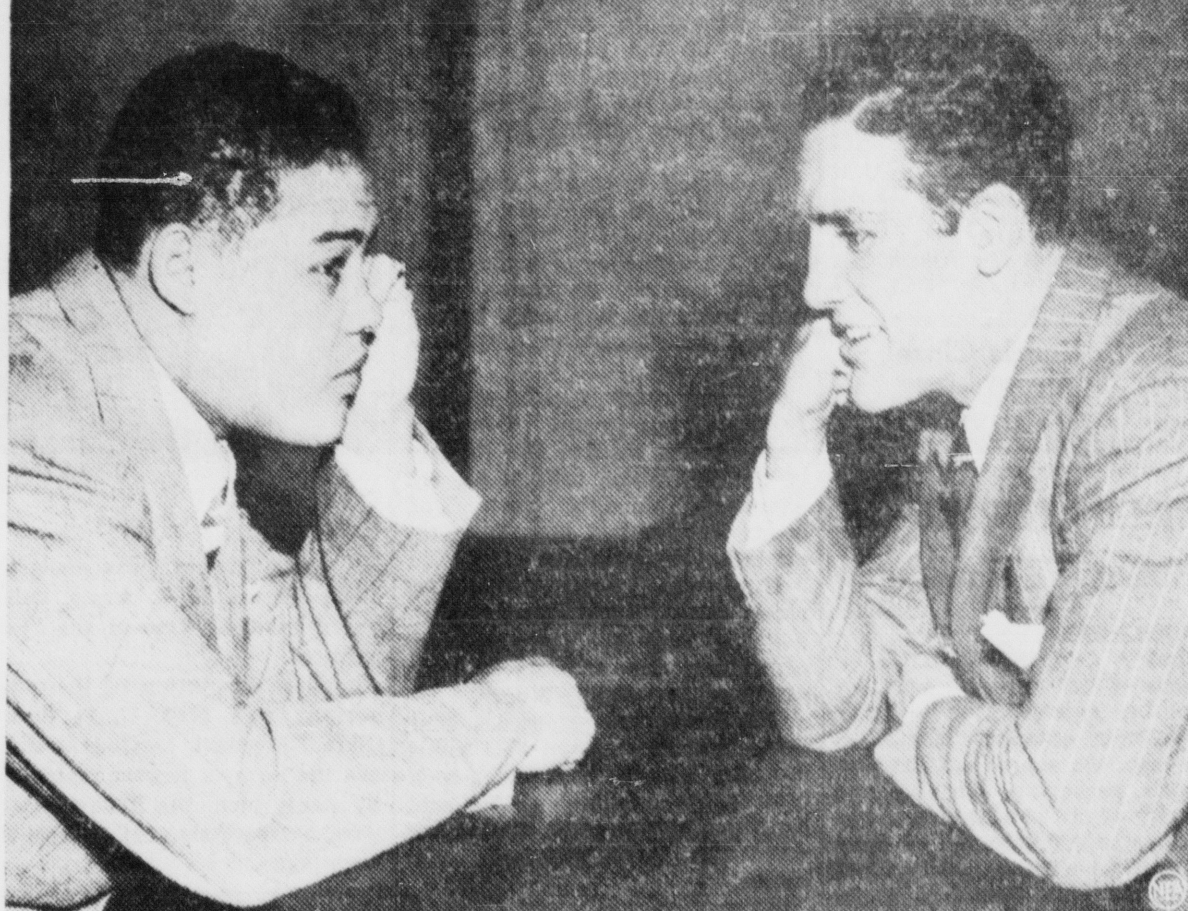

George Dawson of Chicago, winner of the Illinois title, also is not being overlooked. Among the other leading out of towners was Bob Walker, south Bend, Ind.

POLISH OLYMPIC WINNER SAID KILLED BY GESTAPO

London, June 17—(AP)—Janusz Kusocinski, Polish runner who won the 1932 Olympic 10,000 meter run at Berlin, was reported by the Polish news agency here to have been "murdered by the Gestapo" somewhere in Poland. (Kusocinski was among noted Polish athletes who were reported late in September 1939, after the invasion of Poland to have begun work as waiters in a Warsaw restaurant.)

Of 250,000 construction workers registered for employment in 1940, about 86 percent belonged to the skilled trades.

What's On Your Mind, Boys?

A couple of thinkers with but a single thought: Who's going to the world's heavyweight boxing champion after tomorrow night when Joe Louis (left) meets Billy Conn (right) in the ring at the Polo Grounds in New York? Champion Joe, according to many "experts" will need everything at his command to triumph over the glamor boy challenger from Pittsburgh who is ambitious—and Irish!

LOUIS, CONN END THEIR TRAINING

BY GAYLE TALBOT New York, June 17—(AP)—Their training completed, brash Billy Conn and big Joe Louis were scheduled to take things mutually easy today, merely fiddling around and resting up in preparation for tomorrow night's championship battle at the Polo Grounds.

Billy, who surrendered his 175-pound title in order to get a crack at Louis' unlimited crown, was down for a limbering-up session in one of this city's smaller gymnasiums, while the negro champion remained at the cool of his training camp at Greenwood Lake. They will weigh in tomorrow noon at the offices of the athletic commission.

Both appear geared for a furious tussle. Business is booming at Promoter Mike Jacobs' ticket windows, the rush having caused Mike to predict a crowd of 40,000 and a gate of \$400,000. The odds against Conn winning remain at 13 to 5, but where they belong.

Sentimental Backing Most of Conn's backing stems from sentiment and the fact that Billy as a middleweight and a light-heavyweight turned in a brilliant and unbroken string of victories. The hard truth remains that tomorrow night's fight brings together a fine little man, whose ability to stand against even a top-ranking heavyweight has yet to be proved, and a great, big man who for four years has slaughtered all comers.

This reviewer would like to point out that Conn still is a light-heavyweight, and that he has not scored a victory over any fighter of the caliber of Lou Nova, Max or Buddy Baer or even Abe Simon in gaining this shot at the championship.

Best Item on Record The best-looking item on his record is a 13-round kayo of Bob Pastor here last September, but that one actually was a little spotty. Pastor "retired," yelling that he was being murdered by low punches.

So, that is the record for Conn. And he is fighting 200-pound Joe Louis, one of the greatest punchers who ever entered the ring. If Billy lasts more than three rounds, it will be astounding.

We know one of the newspaper boys down in Mississippi who already has written his headline for tomorrow morning's fight story—it is "Conn-denned."

ALL VISITING CLUBS LOSE IN THREE-EYE LAST NIGHT

BY THE ASSOCIATED PRESS

The visiting clubs drew a complete blank last night in the three Eye League.

Evansville's league leaders and the other three home clubs chalked up victories. The Bees outlasted Waterloo again, 6 to 3, each club getting nine hits. Evansville now is three full games ahead of Grand Rapids, Madison and Springfield, all virtually tied for second.

Springfield moved up almost even with this pair by whipping the Wisconsin team, 2 to 0. On Gibson's four-batter, Cedar Rapids lost to Decatur, 5 to 4, the Combies scoring all their runs in the fourth inning.

Clinton also won with six runs, splurging with six runs in the seventh to whip Moline, 7 to 3.

Motor vehicles used by the U. S. army quartermaster have increased from 14,000 in 1939 to 75,000 early in 1941, and will reach 286,000 by early next fall.

DEMENTTOWN TEAM WHIPS PARKER CLUB

An up-and-coming team of young Dixon hardball players who call themselves the Dementtown Bums are serving notice that just because they are young, they are no "small fry". Yesterday they trounced the Parker All-Stars, 19 to 2, and the game was called in the seventh because the Parker All-Stars are reported to have said the game was "hopelessly lost."

Whalen did the pitching for the winners and he permitted the all-stars only four hits while the "Bums" collected 16 hits off the chugging of W. Parker.

Seven errors were counted against the winners and 27 against their opponents. The Dementtown Bums offer to "take on all comers."

Conn. en route to Africa to manage an American-owned theater, said that Mundy, despite a broken ankle suffered while going to the submarine, took complete charge of the passengers when he returned from his futile effort to dissuade the submarine commander from sinking the Robin Moor.

Copied Captain's Map

"We had no sea chart in our boat," Conn related, "but Mundy made a rough copy of a chart the captain carried in another lifeboat while the two craft bobbed up and down beside each other in the rough sea.

"On this crude map he carefully plotted our course. When we were finally rescued the captain of the ship which took us aboard examined Mundy's chart and found he was less than 10 miles off in his final position."

Mundy said he saw the submarine's blinker light shortly after 4 a. m. May 21 and answered, identifying his ship as "American steamer, Robin Moor."

The submarine ordered a boat sent. Mundy injured his ankle dropping into the boat which took him to the submarine. He said bandages he was given aboard the submarine bore German trade-marks.

"It was obvious x x x to all of us that the submarine was a man," he said "and the men—even those who spoke distinct English—did so with a decided German accent. . . ."

Mundy said he was asked in detail about "heavy machinery" and "motors" in the Robin Moor's cargo and that he replied the freighter carried only such cargo as automobile parts and pleasure car engines.

John told him to leave the place two or three times and I stepped to the phone to call the police. Fred jerked the telephone receiver away from me and in a loud voice, cursed violently, addressing his remarks to me."

"My husband continued to ask him to leave the place, but he continued his abuse. He said: 'I'll kill you, you —, you were never any good.' 'To my husband, he said, 'I'll get you later.'"

Followed Woman to Porch

"I went out on the back porch with my daughter in my arms and Fred followed, continuing his loud cursing and threats. My husband went to the neighbor's to summon the police as our telephone was then out of order. I saw my husband in the Lightner yard next door with the rifle and again he ordered Fred to leave. Stanley told him, 'You haven't got the guts to use that gun,' and I heard the shots. The first bullet to strike Fred staggered him slightly and the second one, he fell sideways on the porch. My husband asked neighbors to call the police and waited until the officers arrived when he surrendered the rifle and went with them."

Dr. Edward S. Murphy who attended Stanley at the hospital, described the bullet wounds, one in the right side of the abdomen and the second at the left side of the spine. The intestines were punctured in three places and the appendix perforated, the physician stated. Stanley was suffering from shock and severe hemorrhage and his death took place Monday evening.

Patrolmen Harry C. Jones and Clarence A. Seagren, who responded to a call to the Suits home at 3 o'clock Sunday afternoon, testified having removed Stanley to the hospital and Suits was taken to the police station and detained. Patrolman Seagren testified that Stanley upon arriving at the hospital, asked for something to relieve the pain and stated that he was dying.

The officers testified that upon their arrival Stanley was seated in a car, bearing Indiana license plates, which was parked in front of the Suits home. Gerald Clous-administration will be comprehensively damned for unreasonable war-making and Germany completely whitewashed, plus a thunderous press campaign against the United States which will climb to new heights of venom.

Not until then—if the pattern is followed—is Germany's complete reprisal likely to be revealed, although preliminary action is possible as a face-saving device.

The cases of the Robin Moor and the freezing of axis credits must, of course, be considered as integral parts of the present German-American picture. Authorized Nazi spokesmen have talked up beligerently on the Robin Moor (for foreign, not German, consumption) and have declared "we will shoot whenever any ship with contraband sails for England."

The reaction of the credit freezing was far more cautious; instead, the Germans pushed Italy to the front and let Mussolini take retaliatory action. Washington has so far ignored this obvious maneuver and the consulate-closing order of last night did not take in the axis partner.

Now that all on the Robin Moor are safe the Nazis probably will try to laugh off the sinking, or contend it is an illustration of German humanity on the seas, or cry that rescue of 35 of the survivors by a British boat shows the British sank the ship. None of these contentions will jibe, of course, with the stories of the survivors, and it is hard for Americans to discover anything humane in dumping men, women and a 2-year-old boy in open boats, to spend from 13 to 19 days at the mercy of sun and sea.

Army "Jeep" Comes to Dixon Tomorrow

Announcement was made today that one of the Willys "jeep" cars, of which the firm is making 1,500 for the U. S. Army, will be in Dixon tomorrow, giving demonstrations on the streets and at the Perry garage. One of the "jeeps" is shown beside an ordinary Willys passenger car in the above picture.

Close inspection of these two cars, pictured in front of the Capitol in Washington, reveals the important role that Uncle Sam's motor-mindedness is playing in arming the nation. Side by side, as Olea Rhinehart (seated) and Lois Townsend, senatorial secretaries, exchange smiles with the soldiers, are the Army's newest motorized unit and its stock-car prototype, the Willys American. Dubbed "jeep" by Army men, the little military car uses the same thrifty power plant as its passenger-car counterpart, carries four men, travels 70 miles an hour, and is small enough to fit into the hold of an army transport plane.

Bloomington, Ill., June 17—(AP)—A pair of Scottish bagpipers didn't entirely solve the problem of furnishing martial music for Company K, Bloomington's reserve militia unit.

Captain Morris G. Fuller, who couldn't spare enough men for a drum corps, said several men volunteered to toot the pipes, if someone would show them how. But no instructor was available.

"We would like to enlist a good leather lunged Scotsman," the captain announced.

and broken cord in his hand.

"Mr. Suits came into our yard and asked me to call the police, but I told him we had no phone. He loaded the rifle and said that he would protect his family this way if he had to. I thought four shots were fired in all."

Previously, the witness stated, he saw Stanley knock Suits down and when the latter went to the rear of his house, his attacker ran up on the front porch, jerked the front door open and entered the house.

Roy Wade, 85 Logan avenue, testified that he observed Suits take the rifle from his parked car, but his only view of the entire affair was from his room window.

Funeral services for the victim of Sunday afternoon's shooting will be conducted from the Jones funeral home Wednesday afternoon at 2:00 o'clock. The Rev. Lloyd W. Walter, pastor of St. Paul's Lutheran church will officiate and interment will be in Oakwood.

Report German Force

heavier on all fronts in the 10-day-old allied invasion.

Allies Reinforced

A German spokesman, asked whether Germany still took the attitude she would not be provoked by anything America did, replied:

"That cannot be confirmed today."

The spokesman declined to state whether there had been a fundamental change in German-American relations as a result of the consulate order and the "freezing" of axis credits in the United States.

In Rome, Italy's fire-brand editor Virginio Gayda, who often speaks for Premier Mussolini, declared that Roosevelt's economic and financial strictures against the axis constituted "an open declaration of economic war against the axis powers" which may lead to actual war.

Gayda's threat recalled Duce's assertion last week that the United States was at war with the axis in fact if not formally.

On the North African front, where the British opened a counter-offensive on Sunday, the Germans asserted that 100 British armored units had been destroyed in violent clashes in the desert around the Egyptian frontier post of Salum.

Germans Claim Success

DNE, official German news agency, said the situation was developing favorably to axis forces.

Mussolini's high command declared the conflict had resulted in considerable losses to the British in men and tanks.

British reports pictured the fight as continuing with unabated fury, with British mechanized units striking at axis communication lines in swift flanking thrusts. These reports said the lightning British drive which knocked 40 miles into Libya was loosed "for the moment" but that operations were developing.

Meanwhile, a British Exchange Telegraph dispatch from Helsinki, Finland, said reports of Russian troop mobilization were causing "anxiety" throughout Finland and Scandinavia.

Simultaneously, the British reported that "several German divisions" were now stationed in Finland.

There was still no answer, however, to the riddle of German-Russian relations.

Punishing Aerial Action

On the Western Front Britain's punishing aerial counter-offensive struck for the sixth night in a row at Adolf Hitler's reich, bombing objectives at Cologne, Düsseldorf and Duisburg and leaving "many fires burning" the London Air Ministry announced.

Other RAF warplanes attacked the docks at Roulogne and Dunkerque in Nazi-held France.

The British said the nightly at-

ambitions of one group of men and smear another group of people who are running the local governments in Chicago.

"The gentleman on the second floor seems to regard himself as a second Calvin Coolidge—perhaps a trifle more handsome—but he never will get to the White House. He's done a bad enough job here in Illinois, with his broken campaign promises."

Rep. Reed F. Cutler (R-Lewis-town) and other Republicans said the only purpose of the tax inquiry was to "find out the facts about the pegged tax levies in Chicago."

As Governor Green cancelled his semi-weekly press conference to take a personal hand in directing his forces, Republican leaders brought one of their members to the house floor from a hospital on an ambulance cot because they believed his vote would be directly needed.

Waits on Cot to Vote

Rep. J. Ward Smith (R-Ottawa) was wheeled into the house chamber, dressed in pajamas and a dressing gown. Unable to take his regular seat because of a broken hip sustained in an accident several weeks ago, Smith reclined on the cot placed in an aisle as he waited for his chance to vote.

Indications were that the long debate—with Democrats taking full opportunity of their rights to speak—would delay completion of the roll call for several hours.

Democratic Leader William V. cars charged the tax inquiry bill would "appropriate \$100,000 of the taxpayers' money to help pave the way to the White House for the man on the second floor (Gov. Green). It would appropriate \$100,000 to further the political

Surprise Party

On Sunday evening a group of friends and relatives sponsored a surprise birthday party in honor of Miss Minnie Barber at the Henry Barber home. The group enjoyed a wieners roast and spent the evening in the usual party manner. The guest of honor received many fine gifts. Those attending the birthday celebration were, Donald and Velma Sweet of Shabbona, Mr. and Mrs. Orville Sutton of Meriden, Mr. and Mrs. Lewis Shadick and daughter Joyce, Arthur Shadick, Mr. and Mrs. Louis Larabee and daughters, Mr. and Mrs. Ivan Kern and son, the Misses Laura and Alice Eich, Robert and Theodore Eich, Mr. and Mrs. Ivan Florschuetz and son, Mr. and Mrs. William Hof and son, Mrs. Maria Hof, Helen and Charles Nance and Mr. and Mrs. Orin Simpson and son Larry.

1940 Class Entertains

The class of 1940 of Paw Paw high school met Sunday at the Corda Rogers home for a combined picnic and shower, the event being held in honor of Mr. and Mrs. Junior Durr. A very delicious scrambled picnic lunch was served and the group enjoyed the afternoon in the usual social way. The class members presented Mr. and Mrs. Durr, the honored couple, with a very beautiful electric lamp. Quite a large number of the class members were unable to attend. Those attending the affair were: Roberta Taber, William Wetzel, Faye Potter, Bob Hanners, Joe Hood, Joyce Cooke, Bob Fichtmaster, Mr. and Mrs. Orin Simpson, and son, Corda Rogers and Jessamine Edwards.

Honor Lloyd Merriman

A number of friends and relatives gathered at the Charles Merriman home Sunday evening to honor Lloyd Merriman, who leaves Wednesday, June 18, for voluntary military service in the United States armed forces. Lloyd is the youngest son of Mr. and Mrs. Charles Merriman. Merritt, another son, was drafted some time ago and is now stationed in California. Those attending the party were: Mr. and Mrs. Avery Merriman, Mr. and Mrs. Vernon Merriman, Mr. and Mrs. Lyle Foster and daughter, Mr. and Mrs. John Hawbaker and son, Mrs. Celia Woods, Mrs. George Davis and daughters Darlene and Betty, Mr. and Mrs. Paul Greenawalt, and F. Wright Claims Relief
Is Plan Proving Worth
Chicago, June 17—(AP)—The first two and a half weeks of operation of his experiment for enlisting private employment agencies in a job for relief clients has effected a \$25,000 annual saving for Illinois, says State Treasurer Warren Wright.

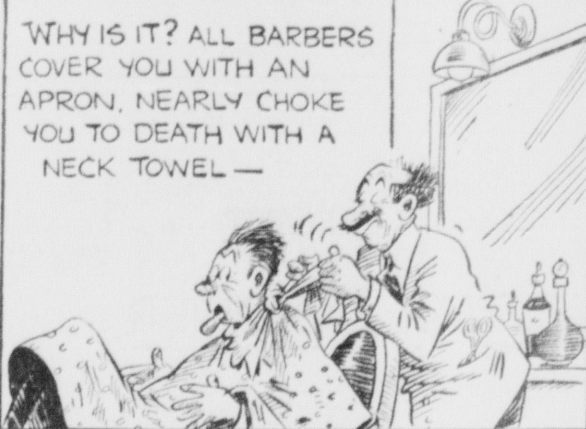

In an address last night before the Cook county Council of the Veterans of Foreign Wars, Wright said that of 250 relief clients sent to private employment agencies, 75 received permanent jobs, 80 were found physically unfit for work, 18 refused to accept jobs, six failed to report after being hired and 71 were being interviewed by prospective employers.

He based his saving estimate on the minimum Chicago relief allotment of \$28.40 a month.

Oil Industry Not Agreed on East's Petroleum Crisis

Some Circles in Favor of Rationing; Other Experts Opposed

New York, June 17—(Special News Service)—The petroleum industry is torn with internal dissension today over supplying the eastern part of the nation with gasoline this summer and fuel oil this winter.

Secretary of the Interior Ickes, petroleum coordinator, has warned that some system of rationing may be necessary. Some oil men agree with him wholeheartedly; others definitely do not.

The oil crisis was brought to a focus by the withdrawal to British service of 50 tankers which formerly served the eastern seaboard out of Gulf and South American ports. These were part of a fleet of 280 ships which delivered gasoline to the east at a rate of 225,000 barrels daily.

It was less than two months ago, before the effects of the tanker diversion were felt, that leaders of the industry proudly proclaimed that the "oil business on its present basic can meet any conceivable defense demands."

Now, however, as the summer motoring season advances, areas of the nation well removed from oil supplies are finding their gasoline stocks dwindling and the outlook for the fuel and heating oil with which much of the east uses in winter is not optimistic.

Some authorities are suggesting that oil and gasoline storage along the North Atlantic coast may be replenished by obtaining from the British use of some of the withdrawn tankers for a few rapid coastwise trips and by placing on the east coast run tankers now

engaged in carrying oil and gasoline to Japan.

In the five months which will elapse before heating oil demands become heavy one tanker could carry half a million barrels of oil from Texas to New York.

Vision New Pipe Lines

Meanwhile, to eliminate the possibility of future east coast shortages and to permit the transfer of more tankers to British use, oil men foresee the likelihood of construction this year of between 2,000 and 4,450 miles of new pipelines east of the Mississippi river at a cost of \$100,000,000 to \$230,000,000.

One proposed line, 1,600 miles long, would run from the Texas coast to the New York area, carrying gasoline and other refined products. Another, 900 miles long would transport crude oil from the Illinois fields to eastern refineries.

Two others in the south are under construction, preparing to carry gasoline and fuel oil into the industrial regions. A fifth has been started across New England from Portland, Me., to carry crude oil from ocean tankers to Montreal refineries.

Not all the industry favors such a pipeline program. Many oil experts say ocean tankers are the best and cheapest transports of oil from Texas up the east coast. This is where controversy rages.

Some cost accountants assert oil and gasoline can be delivered in New Jersey from Texas by tanker at a minimum cost of 12 cents a barrel; they say the lowest cost which could be obtained on a parallel pipeline delivery would be 15 cents a barrel.

As far as railroad tank transportation is concerned, they cite the rate as \$2.37 a barrel and, therefore, out of the question economically. Several of the leading oil companies have tried to get together to build a 12-way shipyard, probably at Savannah, where they could construct 36 high-speed ocean-going tankers a year.
